Join Us This Fall!

Everyone can go back to school this Fall, whether it's to embark on a new career in healthcare or aviation, become a personal trainer or Recovery Coach. Western Suffolk BOCES/Wilson Tech has a wonderful variety of courses for nearly every interest and skill level. Our instructors share their impressive professional experience, which is why so many of our students come back again and again.

Explore all the options available this Fall at Wilson Tech. We hope to see you in one of our classrooms or workshops soon!

Sincerely,

Michael Flynn
Chief Operating Officer

4 EASY WAYS TO REGISTER!

Registration ends one week before your class begins. Register early, classes fill quickly! Classes are filled on a "first come, first served basis." As classes fill, every effort is made to schedule additional classes to serve your needs. Full tuition must be received before you can enroll in a class. BOCES reserves the right to change locations, times or dates where necessary, or to cancel classes. Make your check or money order payable to: Western Suffolk BOCES. Unless notified otherwise, you can safely assume your registration is confirmed.

ONLINE — EASIEST!

Follow the instructions at www.wilsontech.org/express
 Registration accepted via a secure server.

BY PURCHASE ORDER
 Organizations enrolling staff for training can be invoiced if a PO number is provided.

BY PHONE 631-667-6000 x320

With Visa, MasterCard or Discover Card. Have all of your information before calling.

IN-PERSON REGISTRATION
 At Dix Hills campus only. Check, money order or credit card.

ADVANCED HAIR CUTTING

The perfect haircut requires training. Learn about choosing the right cutting tools for comfort and precision cutting; assessing the structure of the head and how it relates to shapes and hair distribution; sectioning to compliment your canvas. Also covers the relationship between graduation and elevations; the pivot point; vertical, horizontal and diagonal lines; mastering short hair cutting skills using the razor; movement and styling of ethnic hair. Students must have two mannequin heads with hair 12in or longer (may be purchased at first class for \$30 each).

19FCOS102A \$199 T/Th 10/2/2018-10/11/2018
NPT/COS 6-9 PM 12hrs 4 sessions

INTRODUCTION TO WAXING

In this 75-hour, NYS-approved waxing program, you will learn the techniques of safe and professional hair removal and prepare for licensing by the NYS Department of State. Curriculum includes professional requirements, health and safety and removal of superfluous hair. Students must pass a NYS exam to receive a license. Applicants must have a US high school diploma or equivalent.

19FAPP112A \$899 Tu/Th 9/25/2018-12/4/2018
NPT/Esth 5:30-9:30PM 75hrs 19 sessions

MAC MAKE-UP ARTISTRY

Western Suffolk BOCES has partnered with MAC Cosmetics to expose students to the most current and trending makeup techniques. Taught by a certified MAC Makeup Artist, you'll learn: skin type analysis; precise product recommendations; color theory; face shapes; makeup brush workshop; prime-look makeup application; skin concerns and needs; PREP+PRIME workshop; complexion correction and concealing; foundation matching; contour; building your brand and kit; industry practices; HD bridal make-up application, trends, styles; false lash application; day-to-night make-up; trending eyeshadow techniques; smoky, smoked out, halo, winged eyeliner; double-stacking lashes, contouring/highlighting/strobing and perfecting the pout. Also learn about career opportunities.

19FAPP113A \$499 M/W 9/24/2018-10/22/2018 NPT 5:30-9:30PM 32hrs 8 sessions

POST-MORTEM COSMETOLOGY

Making the deceased look like they did before they passed away will help family and friends with their final good-byes and ease their loss. If you are interested in this profession, or would like advanced training in the art of make-up as a Mortuary Science student, this is the class for you. Trips to local funeral homes may be scheduled. Cosmetology license preferred.

19FAPP104A \$179 W 9/5/2018-10/17/2018
DH-C/Cos 6:30-9:30PM 18hrs 6 sessions

MAKE-UP APPLICATION 101

Discover colors that suit your skin tone, eyes and hair color. The result is a natural look that enhances your every feature! Learn the do's and don'ts of everyday make-up application.

19FAPP105A \$149 Tu/Th 10/9/2018-10/11/2018
NPT/Esth 5:30-9:30PM 8hrs 2 sessions

MAKE-UP APPLICATION 102

A more advanced course in the application of makeup. Discover the techniques that will take you from day to evening. Learn the art of the "smoky eye" as well as eyelash application.

MOTORCYCLE REPAIR

If you're interested in learning how to make basic repairs to your motorcycle or looking to enter the workforce as an entry-level motorcycle technician, Wilson Tech's Motorcycle Technician Program, in conjunction with Twisted Cycles, Patchogue, offers the classroom and hands-on experience that can give you the basic skills and knowledge you need. All sessions meet at Twisted Cycles, Patchogue.

MOTORCYCLE MAINTENANCE

Gain the skills and confidence to properly maintain your bike. Learn electrical and fuel systems, basic tune-ups, brakes, tires and suspension, sprockets and drive chain, shaft drive, oil and fluids, radiators, steering, throttles and clutch safety equipment and winterizing. This is a hands-on course so bring your motorcycle! Get a tool list at the first class with recommendations for each student's bike. Bring the service manual for your motorcycle.

19FMOT101A \$375 M 9/17/2018-12/3/2018 Twisted Cycles 6:30-9:30PM 30hrs 10 sessions

COMPUTERS AND RELATED TECHNOLOGY

➔ START HERE!

All students have their own computer
ALL CLASSES TU/TH, 6-9 PM

COMPUTER TECHNOLOGY I

User-friendly workshop for first-time computer users. We start with how to turn on your computer and go from there! Discover the wonders of computers in this slow-paced workshop using Windows 7. (No class 9/13.)

19FCOM132A \$155 Tu/Th 9/6/2018-10/4/2018
 DH-C/224 6-9PM 15hrs 5 sessions
 (No class 9/13.)

COMPUTER TECHNOLOGY II

Class starts with opening a free email account and helps you get comfortable writing, responding and forwarding emails, including sending attachments. Then we'll introduce you to the basics of the internet to help you find the information you want! Prereq: Computer Tech I or equivalent.

19FCOM133A \$155 Tu/Th 10/9/18-10/25/18
 DH-C/224 6-9PM 15hrs 5 sessions

COMPUTER TECHNOLOGY III

Build upon the skills you gained in the first two levels. Learn more about Windows 7 and gain confidence surfing the internet as the instructor teaches you how to research any topic. If you need guidance before purchasing a computer, your instructor can answer your questions! Prereq: Computer Tech I and II or equivalent.

19FCOM134A \$155 Tu/Th 10/30/18-11/13/18
 DH-C/224 6-9PM 15hrs 5 sessions

COMPUTER TECHNOLOGY IV

Practice, practice, practice! Now that you've completed Computer Technology I-III, practice all your new skills based on your personal needs. In this self-paced class, practice what you've been taught, ask more in-depth questions and go at your own pace. This workshop is designed to reinforce what you've already learned.

**BUSINESS &
INDUSTRY TRAINING**

Wilson Tech professionals can provide your business with onsite employee training in computer applications, customer service or health & safety.

Call today for a consultation!

631-667-6000, x320

The Training Source is the corporate training department of Wilson Technological Center and Western Suffolk BOCES.

Develop workforce readiness skills and build a foundation for success in networking-related careers and degree programs. Learn skills to use immediately in your job and

accelerate your ability to pursue advanced technology certifications. Learn practical CCNA Routing and Switching networking concepts from network applications to protocols and services. The new CCNA Routing

and Switching (CCNA R&S) curriculum is fully aligned with the new CCENT and CCNA R&S certification exams. Students will progress from basic networking to more complex enterprise and theoretical networking models.

CISCO NETWORKING FUNDAMENTALS

For those with no computer or network knowledge, this course will help you gain the necessary understanding of networking technology for entering the Networking Academy. Students will learn such topics as: binary and hexadecimal number systems, number conversion, logic gates, Windows operating system, MS-DOS, computer hardware, networking concepts, networking architecture and topology, cabling, and circuit testing.

19FCIS108A \$409 M/W 9/5/2018-10/24/2018
DH-C/227 6-9:30PM 42hrs 12 sessions

CISCO INTRODUCTION TO NETWORKS - MODULE I

The CCNA Routing and Switching introductory courses introduce the architecture, structure, functions, components, and models of the internet and other computer networks. Build a solid foundation for additional training as you learn the principles and structure of IP addressing and the fundamentals of ethernet concepts, media and operations. By the end of this course, students will be able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Prerequisite: Basic understanding of computers.

19FCIS109A \$815 M/W 10/29/2018-1/9/2019
DH-C/227 6-10PM 70hrs 17 sessions

CISCO ROUTING AND SWITCHING ESSENTIALS - MODULE II

This course describes the architecture, components, and operations of routers and switches in a small network. Learn how to configure a router and a switch for basic functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. Prerequisite: Intro to Networks.

19FCIS110A \$815 TU/TH 9/6/2018-11/15/2018
DH-C/227 6-10PM 70hrs 17 sessions

CISCO SCALING NETWORKS - MODULE III

This course describes the architecture, components, and operations of routers and switches in a larger and more complex network. Learn how to configure routers and switches for advanced functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with OSPF, EIGRP, STP, and VTP in both IPv4 and IPv6 networks. Develop the knowledge and skills needed to implement DHCP and DNS operations in a network. Prerequisite: Routing and Switching Essentials.

SOCIAL MEDIA

twitter LinkedIn facebook Instagram

Get practical, real-world insights into the power of social media. Come familiarize yourself with proven techniques and strategies.

SOCIAL MEDIA FOR BUSINESS

Learn how you can use Facebook, LinkedIn, and Instagram to grow your business by understanding how to optimize these social media platforms. Find out how social media tools can help you analyze the effectiveness of your strategies and bring you greater business success. We will help you get up-to-date on social media best practices and teach you how to evaluate the tools that social platforms offer so you can select the best fit for you or your business/organization. Classes are 3 hours, 1 session. **Business accounts must be created prior to attending all Social Media for Business classes below.**

Introductory Courses: Gain an overview of the specific platform and how to tailor that social media tool to your existing business strategies and how to use tools for monitoring trends. Learn from real case studies as you gain hands-on experience.

Facebook for Business	19FCOM116A	\$65	9/17	DH-C/224	M 7–10PM

*Don't wait any longer to finish your high school equivalency diploma!
We offer customized programming to meet your scheduling and educational needs!*

HIGH SCHOOL EQUIVALENCY FAST TRACK PROGRAM

All fast track options begin with a personal one-on-one counseling session to determine your most appropriate educational plan.

Fast Track Options Include:

- Specialized math classes and tutoring to help you achieve math success
- Other subject specific classes according to your educational plan (science, social studies, writing, reading)
- Writing experts on staff to help you develop and improve writing skills for TASC and EDP
- Use passing scores from any of your former TASC exams
- Option to take External Diploma Program as a curriculum and testing alternative.
- Short term instructional options are available for both day and evening schedules
- Test taking strategies and reduction of test anxiety covered
- Many flexible offerings including home study options and External Diploma Distance Learning program
- Use former passing Regents tests towards the TASC exam throughout program
- **External Diploma Program (EDP) Option.** Earn your High School Equivalency Diploma in a supportive environment. Meet each week with an advisor that works with you individually. Flexible days and hours. Great for those not comfortable with high pressure testing

Our certified Career Counselors will work with you to create an Individualized Education Plan and help you start your educational journey.

ELECTRICAL

ELECTRICAL INSTALLATION I

Learn basic electrical theory, use of hand tools, materials, proper installation of switches, receptacles and lighting fixtures, special purpose receptacles and applications in order to apply for a job as an entry level electrical helper and/or apprentice. This course is structured as a combination lecture/shop class. Most classes will consist of a 30-40 minute lesson followed by hands-on shop work where you will practice the skills and theories taught. Students must purchase hand tools from a list provided by the instructor on the first night of class, approx. \$100. Textbook additional (www.wilsontech.org/bookstore)

19FELE112A \$815 W 9/5/2018-1/2/2019

19FELE112B \$815 M 9/17/2018-1/18/2019
DH-D/Elec 6:30-10PM 52hrs 15 sessions

ELECTRICAL INSTALLATION II

A continuation of Electrical Installation I with emphasis on commercial and industrial systems and problems. Students may purchase additional hand tools from a list provided by the instructor the first night of class (approx. \$50). Prerequisite: Electrical Installation I. Textbook additional (www.wilsontech.org/bookstore).

19FELE103A \$675 TU 9/25/2018-1/8/2019
DH-D/Elec 6:30-10PM 42hrs 12 sessions

ELECTRICAL MOTOR CONTROL

Theory and practical application; wiring diagrams for a wide variety of motor installations and controls. Two textbooks additional (www.wilsontech.org/bookstore).

19FELE104A \$495 TH 9/6/2018-12/6/2018
DH-D/Elec 6:30-10PM 42hrs 12 sessions

INDUSTRIAL ELECTRICITY

Start with a review of basic electricity, Ohm's Law, wiring materials, raceways & boxes, switchboards, panelboards, motors, generators, air conditioning & refrigeration, fire pumps, and move into single phase concepts and residential services, branch circuits and feeders, and calculations. Also covered are conductors and overcurrent protection,

wiring methods, transformers, special locations and three phase wiring systems. Knowledge of the National Electrical Code will be used in this course. Prerequisite: Electrical Installation I and II, or field experience. Textbook additional (www.wilsontech.org/bookstore).

19FELE105A \$619 TU 9/25/2018-12/18/2018
DH-C/17 6-9PM 33hrs 11 sessions

MOTOR CONTROL - PROGRAMMABLE LOGIC CONTROLLERS (PLC) - ADVANCED

An advanced class for the experienced electrician who has knowledge of motor controls and Windows for PCs. Review timers, counters, assembling a PLC with switches, and lights, use of the programming software on a PC and learning to program a PLC. Ideal training for traffic controllers or maintenance electricians. Prerequisite: Electric Motor Control or relevant trade experience.

19FELE106A \$815 TU 9/25/2018-1/8/2019
DH-C/10 6:30-10PM 42hrs 12 sessions

NATIONAL ELECTRIC CODE AND TEST PREPARATION

This course is a must for anyone who works in the electrical field and wants to prepare for the Electricians License Exam. Get up-to-date on the new requirements of the National Electric Code. Cover wiring methods, materials and calculations for residential, commercial, industrial, special occupancies and hazardous locations. Study the National Electrical Code including: electrical safety, fire prevention, and electrical codes. NOTE: Before taking the exam, students must have 7 years experience as an electrician.

For information about the exam, call the Office of Consumer Affairs at 631-853-4600.

Textbook additional (www.wilsontech.org/bookstore)

19FELE113A \$529 M 9/17/2018-12/17/2018

Western Suffolk BOCES provides full-time education and training to help adults prepare for meaningful careers or to advance in their chosen fields. Our programs are led by educators with practical experience and expertise, who work with our students and provide guidance and support. Our classrooms feature the technology and equipment that is currently being used in the respective industries.

Find out more about our full-time programs by calling 631-261-3600.

PREPARE FOR ASE CERTIFICATION

AUTOMOTIVE TECHNICAL TRAINING

Vehicles are far more sophisticated today than in previous decades and require technicians with more advanced technical training. Western Suffolk BOCES, accredited by the National Automotive Technicians Education Foundation (NATEF), is equipped to teach you the skills that will help you advance in this field.

**CALL TO SCHEDULE A TOUR TODAY!
631-261-3600 x 204**

Upon successful completion you will be prepared to sit for the corresponding certification exams which stress knowledge of job-related skills and lead to Automotive Service Excellence (ASE) certification.

CERTIFICATE

Learn the theory and skills to diagnose, service and repair cars, SUV's and light duty trucks. You will use up-to-date electronic and hydraulic equipment to precisely diagnose today's sophisticated vehicle. Prerequisite: High School diploma or equivalent and satisfactory score on a TABE exam and interview. Students must also attend a 4-hour safety orientation workshop. Textbooks included. New students may begin on the first day of most modules.

APPROVED PARTNER SCHOOL

AVIATION MAINTENANCE TECHNOLOGY

This FAA-approved program provides the hands-on experience to service, repair and overhaul reciprocating engines, turbine engines, aircraft components, powerplant control systems, instrumentation, and aircraft structure.

To prepare for both the Airframe and Powerplant certification, students must complete five semesters (total of 1,910 hours). Call 631-752-1957 for more information and to tour the facility.

Semesters begin Sept., Jan. and May. The program is offered at our Aviation Facility at Republic Airport in Farmingdale.

Tuition includes tool bag/tools, oral and practical testing for the Designated Mechanic's Exam (DME). Students must supply standard work shirt or dark tee shirt, work pants and standard work boots to be worn in the hangar. FAA exams (3) extra: \$150 each. Before being admitted into the AMT program, prospective students must take the TABE Survey (Test of Adult Basic Education), receive a successful score and meet with administration to determine eligibility into the program.

DIAGNOSTIC MEDICAL SONOGRAPHY

Learn the fascinating field of sonography including OB/GYN, abdomen vascular, echo, and breast ultrasound. This

24-month program integrates basic sciences, medical sciences and instruction in Diagnostic Sonography with supervised clinical experience in hospitals and doctors' offices from Students gain valuable hands-on experience in clinical rotations. Successful completion of the program leads to a certificate that qualifies you to sit for any of the five registry examinations in Diagnostic Medical Sonography 60 days prior to graduation. Accredited by the Commission of Accreditation of Allied Health Education Programs (www.caahep.org; 25400 US Highway 19 North, Suite 158, Clearwater, FL 33756; 727/210-2350) upon the recommendation of the Joint Review Committee on Education in Diagnostic Medical Sonography.

REGISTRY
PROGRAM

CAA
HEP

Prerequisites: High School diploma or equivalent; a minimum grade of C in college-level, credit-bearing courses in General Physics, Anatomy & Physiology I & II, Algebra, and English; and a satisfactory score on Pre-Entrance Exam. Courses begin in July.

Additional costs of approximately \$1,700 for textbooks, uniforms, conference, liability insurance, CPR, physical exam and registry exam. Financial aid is available to those who qualify.

20ASON500A \$43050 M-F 7/8/2019-6/25/2021 NPT/202A 8AM-6PM 2800hrs 515 sessions

PRACTICAL NURSING

Learn the skills and knowledge necessary to be a valuable member of today's health care team. The School of Practical Nursing, helps prepare you for licensing as a practical nurse. In addition, for those planning to pursue further nursing education, Tech is affiliated with RN programs at SUNY Farmingdale, Adelphi, Molloy, NYIT and Helen Fuld College. The program is approved by the NYS Education Department. The low ratio of students to faculty allows many opportunities for individualized classroom instruction as well as excellent clinical experience at hospitals and health care facilities.

Tuition includes stethoscope and surgical scissors. Additional costs for textbooks, uniforms, licensing fee, physical exam, liability insurance and CPR certification are required for entering program. Financial aid available to those who qualify. Prerequisites: High School diploma or equivalent plus satisfactory score on Pre-Entrance Exam. HEGIS code 5209.209

RADIOLOGIC TECHNOLOGY

Western Suffolk BOCES is in the process of seeking accreditation for its program in radiologic technology. This program will be approved by the Joint Committee on Education in Radiologic Technology (JCERT) and the New York State Department of Health. The educational program is 24 months in duration, and requires full time attendance between the hours of 8a- 4p, Monday through Friday. The program may require occasional weekend assignments and operates throughout the summer months.

The program of study consists of two components: a formal didactic classroom component and a clinical practicum in hospitals and imaging centers. Clinical rotations will take place at Northwell's facilities, Brookhaven Memorial Hospital,

the Northport VA Medical Center and imaging centers in Nassau and Suffolk counties - including Zwanger-Pesiri Radiology. All clinical sites will be fully approved by the JRCERT.

The following are the minimum program entrance requirements:

- * Graduation from an accredited high school or equivalent (GED).
- * Minimum of an Associate Degree conferred within 5 years of admission to Radiologic Technology Program. Completion of college prerequisite courses must be documented with a grade of C or better in College Algebra, Anatomy & Physiology I & II, English Composition, Psychology, and Basic Physics.
- * Satisfactory score on pre-entrance exam (70% or higher).

Please note that meeting the above minimum requirements does not guarantee acceptance into the program, as there are limited seats (24) per year.

Contact the School of Radiologic Technology's Program Director at (631) 261-3600 ext. 254 or email at lanetrel@wsboces.org for further information.

Tuition: \$18,999

Additional costs: books, supplies, uniform, physical exam, CPR, liability insurance, travel conference, licensing and registration fees, application fee and pre-entrance test fee. Minimum age for admission is 18 years old.

Those successfully completing this certificate program will be eligible to take the ARRT national certification examination and when passing that examination will be eligible to apply for New York State licensing as a licensed Radiologic Technologist.

Applications are accepted beginning Fall 2018 for the class beginning July, 2019

20ARAD500A \$18999 M-F 7/1/2019-6/25/2021 NPT 8AM-4PM 3060hrs 520 sessions

Prepare Now for the Pre-Entrance Exam!

All applicants to the Diagnostic Medical Sonography, Practical Nursing, and Surgical Technology programs must achieve a satisfactory score on the Pre-Entrance Exam (also known as Test for Academic Skills) and have a high school diploma or equivalent. These three programs have substantial class work and homework that require students to be proficient readers with a wide vocabulary and to be competent math problem solvers. BOCES highly recommends that students take the Prep Class for Pre-Entrance Exams; however, those who have completed a recent academic program with strong grades may consider proceeding directly to the Pre-Entrance Exam. Most students find that the Prep Class for the Pre-Entrance Exam helps them prepare for the rigorous Pre-Entrance Exam, gain self-confidence, and solidify their interest in pursuing the academic work necessary to succeed in these programs.

Note: A successful score on the Pre-Entrance Exam is the first step in applying to these three programs but does not guarantee admission.

Prep Class for Pre-Entrance Exams:

Practical Nursing, Surgical Technology & Diagnostic Medical Sonography

BOCES statistics indicate that the passing rate on the Pre-Entrance Exam is higher for those who complete this Prep Class. To enter these three programs, you must satisfactorily pass the Pre-Entrance Exam. Take this Prep Course to help you prepare for your Pre-Entrance Exam. Work on reading comprehension, basic math skills, English grammar and usage and critical thinking. The pre-entrance exam has a science section, which is required for Sonography applicants. This course incorporates critical thinking skills needed to successfully answer science questions. Science curriculum will not be covered. Textbook additional (www.wilsontech.org/bookstore).

19FPRE101A 6:30-9:30PM \$250 TU/TH 10/18/2018-11/29/2018 NPT/209

Pre-Entrance Exams (TEAS) may be taken once a semester. Exam fee is \$125.

The TEAS Pre-Entrance Exam is composed of the following areas: general math, science, reading comprehension, and English and language usage. If you have any questions about the Pre-Entrance Exam or you have a current IEP and are requesting testing modifications, call 631-261-3600, ext. 245.

While all prospective students take the same Pre-Entrance Exam, register with the course number of the program you hope to enter.

FLORAL

DIY FRESH FLOWER ARRANGEMENTS

Learn how to make gorgeous arrangements from cut flowers available from the florist, grocery store or your own backyard. The first class covers the fundamentals of floral design after which the instructor will suggest fresh flowers to buy for making your own arrangement in the second class. Supply cost varies depending on size of arrangement (approx. \$25-\$50). If students choose not to make their own floral arrangement, they may still participate in a project with the instructor to learn techniques. First class is approximately 1.5hrs.

HEALTH CARE/ HEALTH RELATED COURSES

CENTRAL STERILE PROCESSING TECHNICIAN

Looking for a skilled, entry-level position in health care where you will be responsible for a variety of vital services in health facilities? Apply now to become a certified Central Sterile Processing Technician who processes and sterilizes surgical instruments in hospitals, surgical centers and other health facilities. The course will help prepare entry-level technicians and refresh current technicians who want to earn certification from the International Association of Healthcare Central Service Material Management (IAHCSMM). Scientific principles of processing, sterilization, storage, distribution and inventory control of medical and surgical instruments and equipment for the Operating Room, Emergency Room and other areas of the hospital or healthcare facility will be stressed. This program will cover the primary responsibilities of the technicians and provide the knowledge necessary to be successful in this important field. Study anatomy and physiology, microbiology, infection control, disinfection and sterilization procedures, surgical instrumentation, and packaging and management of patient care supplies and equipment.

The coursework incorporates classroom and laboratory learning activities and resources and will include a 400-hour Clinical Internship to be scheduled upon completion of 250 classroom hours, which must be completed within one year. Upon successful completion of the course, students will be eligible to take the IAHCSMM certification examination for Certified Central Service Technician. Prerequisites: High School diploma or equivalent, completed physical examination and successful score on TABE Survey test. Additional costs: uniform approximately \$100, certification exam \$105. Textbook additional.

EKG / MONITOR TECHNICIAN

Satisfactory completion of this course will help prepare you to work as an entry level EKG or monitor technician in hospitals, clinics, health related facilities and doctors' offices. Learn to identify normal and pathologic heart rhythms and collect diagnostic quality recordings of the heart's electrical and mechanical activity. You will also learn to monitor a patient's cardiac function in a critical care or emergency room setting. Gain the knowledge and skills to assist doctors and nurses by recognizing and reporting changes in a patient's heart function. The curriculum includes cardiac anatomy and physiology, 12 lead and rhythm strip analysis lead placement and 12 lead EKG. Rhythm strip practice will enhance learning and clinical skills! You must earn a final grade of 90% to receive a certificate of completion. Testing fee separate. High School Diploma or equivalent is required to sit for the NCCT exam.

Textbook additional, www.wilsontech.org/bookstore. Students are required to purchase review books and practice exams available by contacting NCCT Customer Service at 1-800-875-4404 or www.ncctinc.com. (Approx \$40).

HOLISTIC HEALTH & WELLNESS

\$49

Learn the basics of Aromatherapy and create take-home products from each course, along with the knowledge and ability to make these products again and again on your own. Each one-session class meets 6:30-9:30pm at the Dix Hills Campus, Building C, Room 9 on the dates indicated.

Supply fee: \$15 supply fee each course payable to instructor in exact cash or money order only.

STUDENTS WELLNESS ARSENAL

Attention parents and teachers: Create a roll-on oil that combats “bugs,” which means more time in school and may aid concentration.

19FFIT122A Tu 9/25

CHEMICAL FREE WINTER CLEAN UP

Remove chemicals from your home by making and using a 16oz chemical-free spray and a roller ball bottle.

19FFIT123A Tu 10/9

KEEPING JOINTS & MUSCLES HAPPY — AND MOVING!

Create two bottles of essential oils with pleasant scents and potential anti-inflammatory benefits to add to your joint and muscle management for tough winter weather.

19FFIT124A Tu 10/23

TAMING TANTRUMS FOR KIDS

Create a calming blend of essential oils that can help your child unwind and a second blend to aid with sleep.

19FFIT125A Tu 10/30

POUNDRING HEAD RELIEF

Create a roller ball and relaxation bath salts that can make a difference and offer symptom relief and comfort.

19FFIT126A Tu 11/6

HOLIDAY COOKING WITH ESSENTIAL OILS

Create healthy salts from essential oils and pink salt as well as create a cookbook complete with hacks to expand your culinary skills.

19FFIT127A Tu 11/13

HOLIDAY FRESH

Create a pleasant spray for the bathroom, and a room and furniture freshening spray using traditional holiday scents.

19FFIT128A Tu 12/4

HOLIDAY GIFTS WITH ESSENTIAL OILS

Create a gift infused with holiday scents designed to bring cheer to everyone!

19FFIT129A Tu 12/11

PERFECT GIFTS FOR EXPECTANT PARENTS

Create a small basket of sleepy baby, happy belly and other roll-ons for the new baby using safe oils.

19FFIT130A Tu 12/18

CHASE HOLIDAY TOXINS AWAY

Create a night-time lemon body scrub and an invigorating energy booster to make the new year the best yet.

19FFIT131A Tu 1/8

AROMATHERAPY & YOU: HEALTHY LIFESTYLE CHOICES

Create a spray to help improve energy so you can fight fat and embrace a healthy lifestyle.

19FFIT132A Tu 1/15

ANTI-AGING

Create a toner and make-up spray to make you feel and look your best.

19FFIT133A Tu 1/22

SLEEP PEACEFULLY & BALANCE EMOTIONS

Create a roll-on and spray bottle using essential oils that will help you to rest and relax.

19FFIT134A Tu 1/29

HEAD TO TOE

Create a hair mask and a foot scrub for tired feet.

19FFIT135A Tu 2/5

LOVE IS IN THE AIR

Make a spray for him, and spray for her and a third for the pillow and room.

19FFIT136A Tu 2/12

HEALTHY DEWY SKIN WITH ESSENTIAL OILS

Create a mild face and body scrub to exfoliate the dead skin cells and then add a moisturizer to it.

19FFIT137A Tu 2/26

PET HEALTH

Create a mix for calming your pet and another for courage. Also, you will learn how to make a blend for their ear health.

19FFIT138A Tu 2/27

CERTIFICATION PROGRAM

RECOVERY COACH

NOTE: These classes can be taken by CASAC (Credentialed Alcohol and Substance Abuse Counselor) and CPS (Credentialed Prevention Specialist), & for re-credentialing and continuing education credits.

Prepare to work in the addiction and mental health field as a Recovery Coach who helps people along the path of recovery—either before, during, after or instead of treatment. Recovery Coaches do not provide clinical help or dispense medication. They work with the recoveree, as a solo coach or part of a team. Help patients engage with treatment and develop the various skills needed for recovery.

This class fulfills the 60 hour educational requirements set forth by NYS and the Office of Alcoholism and Substance Abuse Services (OASAS) to become a NYS-certified Addiction Recovery Coach or Recovery Peer Advocate. Class includes extensive preparation for the certification exam. Instructor will provide information pertaining to exam testing locations and the application process. Class has four modules:

MODULE I-RECOVERY COACH ACADEMY (30HRS) **MODULE II-NYS ETHICS (12HRS)**
MODULE III-MEDICALLY ASSISTED TREATMENT* (6HRS) **MODULE IV-SPIRITUALITY (12HRS)**

*Module includes NARCAN training.

Upon successful completion of each module you will receive a Healthspan.US certificate and information to receive your CCAR Certificate (Connecticut Community for Addiction Recovery) which you will need to file your NYS application.

Curriculum includes the role of recovery coaches in the recovery process, core values and guiding principles of recovery, the stages of recovery, wellness planning, ethics and guidelines for making ethical decisions, as well as spirituality. The course covers the history, concepts and varieties of Medically Assisted Treatment (MAT) that may be used during recovery pathways that include a medication component. No prerequisites. 100% attendance required without prior approval from the instructor. There will be a \$13/hr make-up fee for any approved hours missed.

ADDITIONAL FEES FOR:

- Bring money order only made out to HealthSpan. US Manuals and materials (\$139 due on first night of class)
- Application fee for NYS Certification:
 - * Certified Addiction Recovery Coach (CARC) \$100
 - * Certified Recovery Peer Advocate (CRPA) \$175 (includes NYS testing fee)
- NYS Recovery Coach Certification Exam (\$125 will be paid to NYS when application is submitted)

19FSP111A \$899 M/W 9/5/2018-11/28/2018 DH-C/205 6-9PM 60hrs 20 sessions

PERSONAL TRAINER

Prepare to take the Personal Trainer Certification exam from the International Sports Sciences Association (ISSA). Learn basic exercise science, nutrition, fitness assessment, exercise programming, instructional and spotting techniques. Study anatomy, kinesiology, injury prevention, supplementation and nutrition and all aspects of weight and strength training as you prepare for employment as a personal trainer in a gym or fitness center or as a consultant for your own business. You'll gain first hand experience in Tech's new fitness center where you'll learn to apply your coursework to sound health and fitness programming on state-of-the-art exercise equipment. Certification exam administered by ISSA, CPR required for certification (included in tuition). Textbook included.

CERTIFICATION PROGRAM

19FMED111A \$1130 TU/TH 9/6/2018-11/8/2018 REP/123 6-9PM 44hrs 15 sessions

YOGA INSTRUCTOR CERTIFICATION TRAINING

This 200-hour Yoga Alliance Yoga Teacher Certification course provides the fundamentals to become a certified yoga instructor. Ideal for advanced yoga practitioners, the course will provide perspective and insight to the ancient practices of yoga asana (movement) and the philosophical traditions of yoga. It will also provide information relevant to research and studies of anatomy, physiology, yoga alignment, prana (study of the breath), and mindfulness. Each student will need a sticky mat, two yoga blocks of equal size, a yoga blanket, and a yoga strap that does not stretch. Thick yoga blocks are sturdier and are recommended over the thinner blocks. Note: If you have sensitive knees or joints a sticky mat over 4mm is desirable. Prerequisite: Mandatory intake appointment required with a Career Counselor. Once processed and approved for registration, student will be required to leave a \$50 non-refundable deposit prior to registering. Please call 631-667-6000 x327 to schedule. Textbooks additional (www.wilsontech.org/bookstore).

100% attendance is required. Any absences must be approved by instructor and made up.

DH-E/AdvArt 7-10PM 30hrs 10 sessions

MARINE TECHNICAL SPECIALIST

Learn the skills you need to work in the recreational boating industry as a qualified marine technician who can service boats, boat engines and related systems as well as boat yard operations. Wilson Tech's program addresses the rapid advances in marine propulsion technology that now demand a high level of competency and training. Those earning certificates from Wilson Tech will be well-prepared for employment opportunities in boat yards, marinas, and engine repair facilities. Class meets one night/week for theory and one night/week for laboratory work. No classes during school holidays.

FALL
2018

The six modules in this course can be completed in nine months. Graduates can obtain valuable industry-recognized certificates that attest to their skills. The program will also help prepare you to take engine certification tests from Yamaha, Evinrude and/or Mercury. To enhance employment opportunities, successful graduates of the program will be well-positioned to seek additional certifications from the American Boat & Yacht Council or the National Marine Electronics Association. The instructor will provide information about the additional preparation required for these certifications.

A basic set of hand tools (likely found in most households) as well as multi-meter and basic diagnostic tools are the student's responsibility, approx. \$2,500 for those with no toolbox. Tools can be purchased as needed based on supply list per module at www.wilsontech/marine.

19FMTS200A \$2339 9/6/2018-5/28/2019 NPT/Rm 119 TU/TH 6-9:30pm 231hrs 66 sessions

BASIC MARINA OPERATIONS - MODULE I

You'll be taught the proper blocking, storing and trailing of boats. Students will practice with powered industrial trucks at a local marina to learn how to move pallets using a forklift, to pick up boats with a boat handling forklift and to prepare to move very large boats with a travel or strap lift. Students who successfully complete this module will earn their Apprentice Boat Bottom Painting and Powered Industrial Truck certificates as well as OSHA Powered Truck Safety certification, all in-demand credentials for employment in the marine industry. Learn excellent customer service skills and how to be a service writer as you gain an overview of the marina as a business. (21hrs)

ENGINE TECHNOLOGY - MODULE II

This module covers the theory of two and four-stroke internal combustion engines for both outboard and inboard engines with modern computer engine controls. Cooling systems and variable valve timing systems will also be covered. (42hrs)

MARINE WIRING & INSTALLATIONS - MODULE III

Learn DC theory, wiring practices, and battery systems. Emphasis is on troubleshooting basic DC circuits. Learn to use ABYC (American Boat and Yacht Council) and NMEA (National Marine

Electronic Association) standards. Gain an understanding of proper installation of electronics for navigation and communication systems. (42hrs)

FUEL AND IGNITION SYSTEMS - MODULE IV

Learn carburetor theory, fuel and fuel delivery technology, fuel pumps, lubrication, boat fuel systems, safety standards and recommended practices. Gain in-depth information on how modern ignitions systems work. Learn current electronic ignition theory and troubleshooting using state-of-the-art test equipment. (42hrs)

ELECTRONIC FUEL INJECTION - MODULE V

Gain a thorough understanding of computerized electronic and direct injection engine operating systems. Heavy emphasis will be placed on hands-on computer diagnostics. (42hrs)

DRIVE SYSTEMS - MODULE VI

Study all drive systems in the industry today. This module covers outboard lower units, stern drive, and inboard transmissions diagnosis and rebuilding including shimming procedures. (42hrs)

BOATYARD OPERATIONS/ INTERNSHIP

Internships may be available for eligible students.

(Marine Engine & Systems Course next page)

MARINE ENGINES & SYSTEMS

This class is designed for boating enthusiasts looking to work on their own boats. Course includes basic operating principles and procedures for tune-ups, water pumps and winterizing procedures. Marine engine technology topics include: working on outboard & inboard engines, stern drive engines and systems.

PHOTOGRAPHY

IMPROVE YOUR SKILLS AS A PART-TIME PHOTOGRAPHER

NEW From sports to portraits and parties, capturing memorable moments, family photos and candid school pictures can be challenging. If you're starting to charge for your photo services, then creative and technical control is a must. This course covers all the camera settings you should be using, the most useful lenses, lighting gear (portable and studio), and the post-processing techniques you may need to learn. Excellent follow up to Photo Boot Camp.

REAL ESTATE PHOTOGRAPHY

NEW Where architectural photography is focused on design, real estate photography is focused on selling! This class combines both. What time of day is best? What gear should you use to best feature the property? This course will discuss which lenses, file sizes, custom camera settings, etc. are appropriate. Also, we will cover the proper techniques of how to best photograph a home for sale. Class may include two field trips, weather permitting. Equipment is

not required, but if you have your own and would like to bring it along, we recommend: Mirrorless or DSLR camera (full frame or cropped sensor), with wide to medium prime lenses or zooms (and don't forget your tripod!). Viewing, critiquing and learning from everyone's photos will be part of each classroom session.

19FMGA155A \$125 TH 9/6/2018-9/20/2018
DH-C/10 6:30-9:30PM 9hrs 3 sessions

DECIPHERING YOUR DIGITAL CAMERA AND LENS

NEW Class will cover ISO, auto-focus/facial recognition setting, manual focus settings, image sizes and the correct way to configure SD/CF memory cards, wide angle and telephoto lens controls, lens/aperture settings for portraits and landscapes, depth of field, shutter speed, and how to grip and hold the camera. Bring your camera!

MASTER PLUMBERS PRACTICAL TEST PREP & LEAD WIPING

Prepare for the Master Plumber's License Practical Test. Successful completion of the Practical Test is necessary to qualify for Master Plumber's License Certification in all Suffolk and Nassau locations. Class will focus on the requirements for the two types of tests now used. Depending on the township where the test is to be taken, students will focus on either the lead wiping portion of the test or fabrication of a lead shower pan and pipe fitting project. Students must purchase tools and materials (approx. \$800 for lead wiping or \$400 for lead pan/pipe project) listed at (www.wilsontech.org/supplies). All tools and materials used in class will be needed for licensing tests. May be taken in conjunction with Plumbing I or II. Prereq: Prior experience in the plumbing trade. Note: to sit for the licensing exam, you must have five years' plumbing trade experience.

4 EASY WAYS TO REGISTER!

Registration ends one week before your class begins. Register early, classes fill quickly! Classes are filled on a "first come, first served basis." As classes fill, every effort is made to schedule additional classes to serve your needs. Full tuition must be received before you can enroll in a class. BOCES reserves the right to change locations, times or dates where necessary, or to cancel classes. Make your check or money order payable to: Western Suffolk BOCES.

Unless notified otherwise, you can safely assume your registration is confirmed.

ONLINE — EASIEST!

Follow the instructions at www.wilsontech.org/express
Registration accepted via a secure server.

BY PHONE 631-667-6000 x320

With Visa, MasterCard or Discover Card.
Have all of your information before calling.

IN-PERSON REGISTRATION

At Dix Hills campus only. Check, money order or credit card.

BY PURCHASE ORDER

Organizations enrolling staff for training can be invoiced if a PO number is provided.

Western Suffolk BOCES Policies

Parking

All vehicles **MUST** park in designated parking areas. **NO** cars may be parked in designated fire zones, reserved parking or on the grass.

Damage to or Loss of Personal Property

Western Suffolk BOCES assumes no responsibility, either real or implied, for the personal property of any adult student. Students should review their own insurance coverage regarding personal property liability.

Refund Policy for Part-time Programs

1. If we cancel a course, all your fees are totally refunded.

2. If you cannot attend a class that has been rescheduled to a time or place other than advertised, you are entitled to a full refund.

3. If you withdraw from a class before the first scheduled class meeting, a full tuition refund, less a withdrawal fee of \$25, will be made after the withdrawal* is requested in writing.

4. If you withdraw after the first scheduled class meeting but before the second class meeting, one-half of the tuition, less a withdrawal fee of \$25, will be refunded after withdrawal* is requested in writing. **NOTE:** No refunds for any dance or fitness class after the first class begins.

5. All extra costs, such as books or equipment that were not included in tuition price, are not subject to refund.

6. We are unable to provide refunds for requests received after the second scheduled class meeting. Waivers may be granted only under extenuating circumstances which must be detailed in writing within five days of your last day of attendance. If a waiver is granted, it must be used within one calendar year. Decisions to grant waivers are the prerogative of the BOCES administrator whose decision is final.

7. Any overpayment accepted will be totally refunded.

8. There is a \$25 fee for all returned checks.

9. Payments made with a credit card will receive refund credit on their credit card, however, any refund made after 120 days will be issued by BOCES check regardless of how tuition was paid.

NOTE: Every effort is made to provide you a timely refund. Processing of refunds may take 45 days after your first scheduled day of class.

Our programs are supported entirely by student tuitions. No discounts can be provided.

*The date of withdrawal is the date/time your request is received at BOCES.

Refund Policy for Full-time Programs

See the individual program handbooks.

Issues Under Dispute

BOCES has an appeal and grievance policy at www.wilsontech.org/dispute.

Smoking Policy

Smoking is **NOT** permitted anywhere on campus.

Western Suffolk BOCES Non-Discrimination Notice

The Board of Cooperative Educational Services of Western Suffolk County, New York does not discriminate on the basis of age, religion, creed, ethnic origin, national origin, marital status, race, color, gender, sexual orientation, veteran status, weight, disability or handicap in the educational programs or activities it operates and provides equal access to the Boy Scouts and other designated youth groups. This policy of non-discrimination includes the recruitment, hiring and advancement of employees; salaries, pay and other benefits; counseling services to students; student access to course offerings; lawful political activities; educational programs and other activities; and the business activities of the Board. Inquiries concerning the application of regulations prohibiting discrimination may be referred to the BOCES Compliance Officer, Dr. Hugh Gigante, who may be contacted at 507 Deer Park Road; PO Box 8007; Huntington Station, NY 11746-9007 or 631-549-4900, x204 or email hgigante@wsboces.org. Or, inquiries may be made by contacting the Office for Civil Rights at NY Office for Civil Rights, U.S. Department of Education, 32 Old Slip, 26th Floor, New York, NY 10005-2500 or call 646-428-3900, or fax 646-428-3843, or TDD 800-877-8339, or email OCR.NewYork@ed.gov or file form at <http://www2.ed.gov/about/offices/list/ocr/complaintintro.html>

MISSION STATEMENT FOR ADULT EDUCATION: Western Suffolk BOCES provides career training and literacy programs to help adults meet their career goals by developing skills essential for gainful employment, job advancement and new career opportunities.

Wilson Technological Center is the career and technical education division of Western Suffolk BOCES.

School closing

Adult classes will not be held when day classes at Wilson Tech and Western Suffolk BOCES are closed. Announcements will be posted here:

- Internet: wilsontech.org, [facebook.com/wilsontechforadults](https://www.facebook.com/wilsontechforadults), wsboces.org
- TV: News 12 FIOS1
- Phone: Call 631-667-6000, x888 for recorded message.

Frequently asked questions

What if I do not have a high school diploma?

A high school diploma is not required for most of our evening classes. Western Suffolk BOCES also offers a variety of no-cost ways to complete your high school education. To work toward your High School Equivalency Diploma (TASC) or EDP, see page 38 or call our Career Center at 631-667-6000, x327.

How can I get to Wilson Tech?

Wilson Tech campuses are centrally located and easily accessible by major roadways or public transportation. Maps are on our website, www.wilsontech.org/sites.

Public transportation options to Wilson Tech/Dix Hills campus on weekdays, 8AM–3PM:

- From S. Huntington & Dix Hills: S29 to Rt. 231 at Lake Ave. Connect with free BOCES shuttle.
- From Huntington/Huntington Sta.: S1, H9A or H9B to Walt Whitman Mall. Connect with free BOCES shuttle.
- From Northport & Greenlawn: H4S to Walt Whitman Mall. Connect with free BOCES shuttle.
- From Dix Hills & Wheatley Heights: S23 to Wyandanch train station. Connect with free BOCES shuttle.
- From Amityville, Copiague, & Lindenhurst: S33 to Wyandanch train station. Connect with free BOCES shuttle.

For more information about bus routes, times and shuttle locations, visit or call the Career Center at Wilson Tech, 631-667-6000, x327.

Can I receive tax incentives for BOCES courses?

The Taxpayer Relief Act of 1997 created the Lifetime Learning Credit, which is a tax incentive to help you offset the cost of your continuing education course work. A family can claim on their tax return a credit equal to 20% of \$5,000 of educational expenses, so the maximum benefit is \$1,000 for each tax year. For further information, contact your tax advisor.

Are there any additional costs?

In some instances students are required to purchase textbooks, personal protective equipment or personal tools, miscellaneous supplies or ingredients. The course descriptions in this catalog will indicate any additional costs or requirements.

Will I receive a certificate?

Yes, you will! Certificates of completion are issued at the last class at no cost to all career & technical education students who have successfully completed a course. To be eligible for a certificate, you must attend 80% of the class sessions (unless otherwise stipulated), and complete all other course requirements with a grade of 80% or above and have paid your tuition in full. Some programs have course-specific attendance requirements.

How do I order a transcript?

There is a \$5 fee for duplicate copies of certificates and transcripts. To order, go to www.wilsontech.org/transcript.

Do Tech courses qualify for veteran's benefits?

Yes, veterans may qualify for complimentary GI Bill® training at Wilson Technological Center through the U.S. Department of Veteran Affairs. For part-time programs contact your local Veterans' representative or call 631-667-6000, x353 to speak with our veterans' advisor. For full-time programs call 631-261-3600, x275. More information about VA education benefits at www.benefits.va.gov/gibill

What if I have a special need?

Prior to registration contact the Career Center at 631-667-6000, x152 so that our staff can make an effort to assist you with any necessary arrangements. All our facilities are wheelchair accessible. Please see wsboces.org for forms and specific guidelines for accommodations.

Does Tech offer gift certificates?

We will gladly issue a gift certificate in any denomination to the person of your choice. To order, call 631-667-6000 with credit card information or send money order in the amount desired to: Office of Continuing Education, Western Suffolk BOCES, 17 Westminster Ave., Dix Hills, NY 11746

Federal Financial Aid

<https://fafsa.ed.gov/School Code: 010147>

Federal Financial Aid

Available to those who qualify in these programs only:

- Aviation Maintenance Technology
- Automotive Technology
- Esthetics
- Cosmetology
- Diagnostic Medical Sonography
- Practical Nursing
- Surgical Technology

Eligibility Requirements

To receive federal financial aid, you must:

- Be a US citizen or eligible non-citizen
- Be enrolled as a regular student in an eligible program (listed above) at BOCES
- Be a high school graduate, or have a recognized GED/TASC
- For grants, be a student who has not yet earned a bachelor's degree

- Not be in default on previous student loans or owe a refund on previous grants
- Make satisfactory academic progress as defined by BOCES
- Be registered for Selective Service if male and 18 years or older

Determining Financial Need

Generally, financial aid is awarded on the basis of financial need. Complete the FASFA, a Free Application for Federal Student Aid at <https://fafsa.ed.gov>. The government looks at your income, dependents and assets and calculates how much you and your family can be expected to contribute towards education. Financial need is the cost of education less the amount you can contribute.

The FAFSA determines eligibility for Federal Pell Grants and Federal Student Loans.
